REMEDE SPA AT THE ST. REGIS BAL HARBOUR RESORT

A Resort Spa Experience Beyond Expectation

An oasis of refinement and tranquility, Remède Spa at The St. Regis Bal Harbour Resort transports guests through its exceptional design and indulgent treatments. Featuring a striking design, unique and luxurious materials and occupying 14,000 square feet, Remède Spa at The St. Regis Bal Harbour Resort sets a new standard, offering a refined elegance and an exclusive treatment menu that embraces Bal Harbour's chic, fashionable vibe and spectacular seaside location.

“We are thrilled to bring Remède Spa to the Bal Harbour community, and to create a destination experience for residents as well as guests of the hotel from around the world,” says Sonie Boyce, Spa Director. “The spa is visually magnificent and the bespoke services set in a luxurious and warm environment offer a unique and unmatched experience.”

With interiors by renowned design firm Yabu Pushelberg, Remède Spa is an extension of the resort, showcasing a contemporary style complete with custom furnishing and finishes. Featuring inviting, sumptuous spaces that organically flow from one room to the next, the spa welcomes guests in a dramatic entry lounge, setting the stage for what is to come. Thoughtfully designed in a palette of soothing neutral colors coupled with striking chartreuse accents and beautiful marble floors and walls, the space is a sanctuary of tranquility and sophistication. Alluding to the destination's sparkling ocean and exotic sea life, a delightful coral motif has also been incorporated into the design. From the commanding artwork greeting guests in the reception area, to subtle glass etchings on shower doors and the eye-catching mosaic tile design in the sauna, spa-goers will delight in discovering the sea-inspired motifs throughout. One of the spa's most exceptional spaces is the Couples Treatment Room, featuring marble floors and

walls, a decadent soaking tub for two, separate treatment areas and private rain shower. Guests will also relish in special, unique touches such as heated floors and cashmere throws.

Remède Spa at the St. Regis Bal Harbour Resort offers 11 spacious treatment rooms. Also available is a Vichy rain shower room, Finnish saunas, aromatic steam rooms and a full service salon. Additionally, guests will enjoy men's and women's lounges and a state of the art St. Regis Athletic Club with ocean views and private training sessions available upon request. The spa also offers private spa cabanas for a serene outdoor spa experience. An extensive of the spa, these exclusive outdoor pool-side cabanas allow guests to achieve ultimate relaxation while immersing themselves in warm sunshine and cool ocean breezes.

Additionally, the Remède Spa experience will extend beyond the traditional treatment rooms with the "Spa Without Walls" program. From the comfort of your room or private balcony overlooking the ocean, to the white sand beach, the program affords guests the unique opportunity to enjoy an extraordinary spa experience anywhere on the property.

With customized, locally inspired experiences, Remède Spa delivers the most exclusive and fashionable treatments in South Florida. Signature experiences include the Bal Harbour 24-Karat Designer Facial where guests enjoy a facial treatment that begins with a copper-enriched peel and ends with a bejeweled sprinkling of gold oil leaving one instantly refreshed, as well as the Bal Harbour Body Wrap, a restorative wrap that employs Hungarian moor mud and nourishing sea salts to achieve softer skin. Additional exceptional services include massages, manicures, pedicures and waxing.
